Beeswax Wrap

- Step by Step Guide

Materials

- Scraps of natural fabric (linen, cotton)
- Beeswax or soy wax
- Tailor's scissors
- Iron
- Grater
- Baking paper

Grate the wax using a grater with large holes.

On an ironing board, layer the following in order: Baking paper, Fabric, Wax shavings, Cover again with baking paper

Iron without steam until the wax melts.

Check if the wax has melted evenly. If not, add more wax and iron again.

After cooling, the beeswax wrap is ready for use.

Usage: You can wrap sandwiches in it or use it to cover food.

Care Instructions:

- Wash in cold or lukewarm water with a small amount of detergent.
- Do not wrap hot items, as the wax may melt.
- To refresh the beeswax wrap, iron it using baking paper as a protective layer or place it briefly in the oven.
